

CLEAN LESS, LIVE MORE.

**EXCLUSIVE TO DURABUILT, DIAMON-FUSION
WINDOW COATINGS GIVE YOUR WINDOWS
AN ADDED ADVANTAGE!**

While glass may appear smooth, it's really made up of microscopic peaks and valleys in which contaminants can get lodged and stuck, compromising the quality and structural strength of your window. Diamon-Fusion fills in these peaks and valleys, creating a smooth, seamless surface that protects against moisture, dust, scum, and debris, as well as hazing, yellowing, and general aging.

As a result, your windows stay crystal-clear and high-performing for the entirety of their lifetime, guaranteed!
