

**VINYL**  
WINDOWS & PATIO DOORS

**Let life in.**

## SUPERIOR DESIGN AND VERSATILITY MADE EASY

**Exceptionally well-built, Durabuilt's vinyl windows are perfect for creating a comfortable and stylish home**  
Bring home a superior window that fits YOUR style.

### Smooth Sliding

Our Alpha series welcome in the world with a smooth sliding motion and boasts a sturdy, air and watertight design.

### Swing Away

High-performing in every way, our Omega series swing gently open to offer exceptional class, energy savings, and durability.

TWO EXCITING WINDOWS

SAME  
REAL-WORLD  
BENEFITS

Our Alpha and Omega windows are both built with the same universal monoframe design. This gives you the ability to seamlessly mix and match these high-quality and stylish windows however you want. It also allows for easier selection and consistent installation.

Common Mullion

Slim profile and more glass

Sleek Look

Contemporary appearance both outside and inside

Triple Pane Option

Enhanced energy efficiency and comfort

Platform Design

- Air and watertight
- Universal Monoframe: 6 7/16" jamb, 1 3/8" exterior nosing —new construction ready
- Also available as continuous Alpha 4 3/8" or Omega 3 1/4" frame for added versatility when adding on interior or exterior trims
- Available in solid White and Beige

## WINDOWS THAT FIT YOUR VISION

### Let your imagination run wild.

Choose to have your desired venting window stand on its own, or create an exciting combination that meets all of your needs. More natural light? Breathtaking views? With Durabuilt, the combinations are endless.

#### Slider

Easily glides for direct and efficient ventilation

#### Single Hung

Slides up and down and stays in desired position

#### Direct Set

Opens up living space and maximizes natural light

#### Sliding Patio Door

Large sliding panel for maximum ventilation and view

#### Casement

Gently swings open to let fresh air in

#### Awning

Swings from the bottom out for indirect, subtle ventilation

#### Direct Set

Expands natural light and overall view (complementary, non-venting)

#### Fixed

Achieve a large glass area within a frame when matching sightlines to a casement or awning

#### Picture

Maximize natural light with a low-profile frame. Available in rectangular, geometric and curved shapes

#### Casement/Direct Set

Continuous frame combination can be rearranged as you'd like

#### Casement/Picture

For maximum light and view, and a contemporary look, when mullied to a casement

#### Casement/Fixed

Looking to achieve equal glass sightline? Use a Fixed window in a continuous frame or a mullied window

# SLIDING PATIO DOOR

## Function, Fashion, and Performance

As the perfect complement to our sliding windows, the Alpha sliding patio door is adaptable, high-performing, and available in both standard sizes for new builds and custom sizes for renovations.

1. Integral nailing fin for easy installation on new builds
2. Stylish, dual-point locking mechanism (optional)
3. Durable aluminum sill cover
4. Dual pane and triple pane capability
5. Accessory parts for exterior brickmould trim option for renovation
6. Air and watertight, fusion-welded, 4 13/16" vinyl frame
7. Interior jamb extensions available to for various wall depths
8. Available in solid white or beige

## Performance

Alpha sliding patio doors are available in dual pane and triple pane glazing and your choice of low-e and argon gas, allowing you to meet today's energy performance needs and building code requirements.

## Patio Door Handles

Stylish and well-designed handles are available in various finishes, with optional keyed lock.

## On-Trend Finishes

Get a beautiful, long-lasting finish with our durable laminate technology.

## Exterior Laminate Finishes

## Interior Laminate Finishes

## Door Configurations

## A Modern Alternative to Traditional Blinds

Enjoy all of the convenience, safety, and ease of cordless blinds without any of the hassle. Our innovative approach places traditional blinds inside the insulated glass for a worry-free, modern experience.

# COLOUR AND FASHION

Transform your Alpha and Omega windows with our contemporary colour palette. Our robust laminate finish is easy to maintain and will hold its colour beautifully for years.

Let your imagination run wild

### Exterior Laminate Finishes

## Unique to Omega

High-performing and unquestionably classy, our Omega windows offer you exciting, exclusive features.

### Interior Laminate Finishes

Two interior finish options that support today's contemporary design trends. You can also introduce a rich woodgrain and stain or paint as you'd like.

Jet Black

Stainable Fir

### Tight Sealing Solution

Roto® Corner Drive is an extension to our standard multi-point locking hardware. It's ideally used on taller casement windows to ensure a tight seal.

### Stylish Smooth Operator

Our top-quality Roto® hardware features a low-profile, tuck away handle and cover, available in White and Beige to match your windows, or in other stylish fashion finishes. Low profile, locking and operating hardware offers ease of use and secure functionality.

### Available Fashion Finishes

### Aluminum Clad

Durable aluminum exterior with clean, crisp lines. Offered in Black, Commercial Brown, Iron Ore, Sable painted finishes and rich, lustrous Clear Anodized.

### 2" Aluminum Reno Brickmould

Replicates a traditional appearance and makes replacement installation simple.

# ACCESSORIES AND OPTIONS

Customize to fit your desired design and any/all construction specs.

Lifetime Warranty Guaranteed.

## Exterior Trims

New construction choices

### 1 1/4" J-trim Brickmould

Allows siding to neatly tuck away

### 3 1/4" Exterior Extender

Moves the window further into the wall, making it ideal for ICF or other wide-wall assemblies

### Exterior Panning

Extends the frame allowing you to install exterior insulation up to the window frame

## Exterior Trims

Renovation solutions

### 2" Brickmould w/ Sloped Sill

Offers the look and function of a typical wood window. Removable finish strip simplifies installation. Also available in 2" on all four sides

### 1 1/2" Brickmould w/ Sloped Sill

Offers a slimmer profile. Available in 1 1/2" on all four sides

### Rebate Flange

Handy solution that can be used at the window sill only, or on all four sides to cover existing material

## Interior Trims

Fit & Finish

### Jamb Extension

Your choice of vinyl, stain grade, or paint grade wood. Available in standard and custom jamb widths up to 12"

### U-Channel Return

Easily accepts your choice of 1/2", 5/8" or 3/4" material so you can finish as you'd like

## Unique to Alpha

### 2" Brickmould Monoframe

Designed with an integral 2" brickmould, making it airtight, watertight, and a snap to install. Perfect for replacing old aluminum or plastic siding windows

### Colours

White

Beige

Black

Pewter

Commercial Brown

Commercial Brown and Black are available in a split finish white interior in ⅝" and 1" widths

# INSULATED GLASS

Triple pane

## Glass and Window Performance

What would a Durabuilt window be without its real performance glass? Whether you choose triple pane, dual pane, or low-e solutions like Sun Gain ER or Solar Block U with argon gas, you'll receive superior performance and comfort requirements with the additional benefit of energy savings. Even better, for enhanced thermal efficiencies and reduced condensation, Durabuilt windows feature warm-edge premium spacer bars.

All of our Alpha and Omega windows are tested to NAFS/CSA and Energy Rating standards. Bottom line, our windows meet and exceed today's energy and structural requirements.

Low E

DFI

## Clean Less, Live More with Diamon-Fusion® Coating

Durabuilt's already high-quality, prairie-tested windows have even better clarity and longevity thanks to Diamon-Fusion® technology.

Glass may appear smooth, but it's made up of microscopic peaks and valleys where contaminants can get lodged and stuck, compromising the clarity of your windows. Diamon-Fusion® Protective Glass Coating fills in these peaks and valleys and creates a smooth, seamless surface that protects against moisture, dust, scum, and debris, as well as hazing, yellowing, and general aging.

As a result, enjoy crystal-clear high-performing windows for the entirety of their lifetime, guaranteed!

Cut your cleaning time by up to 90%

All you need is water, no more harsh cleaners

Repels moisture and all other contaminants

100% optically-clear windows

Won't yellow, haze, fade, or corrode

Scratch resistant

## We Have You Covered

The entire Durabuilt team is committed to YOU. Why? Because we know that a home is more than a handful of walls and some shingles. It's where memories are made, families grow, and worlds are shaped.

# Let's get started.
