

Multi-Point Locking Systems (MPLS)

MPLS engages the door and frame at three critical points from top to bottom for enhanced stability compared to traditional deadbolt assemblies. Features premium stainless steel construction that resists corrosion. MPLS are highly recommended for 8' high door lending improved performance and security.

Grip Style MPLS

Grip-style handlesets offer an intuitive approach to the multi-point locking system with on-trend aesthetics. A simple 90-degree twist of the Thumb turn (interior) or a key (exterior) is all it takes to engage the door frame at three points with no need to lift the handleset lever. An integrated mishandling device protects the door and frame from accidental damage. Features deadbolt located above handleset.

Tongue

- ① Self-lubricating locks.
- ② 1" premium stainless steel deadbolt.
- ③ Integrated mishandling device.
